RE: FCMA Candidate Support Committee (CCE)

For over ten years, FCMA has been interviewing and contributing money to endorsed candidates in local and state elections. This has led to FCMA's endorsement becoming coveted by these candidates. This year FCMA's Government Relations Committee will continue this practice, but faces a busy election year. The current economic situation has meant cutbacks on contributions from members, but if everyone joins the CCE we will meet our goals. Dues in the CCE are \$100 and additional amounts may be contributed.

Thank you for your contribution.
